	Timing : 5-30 minutes for choose, press each once to add 5 minutes.	

2.Wireless remote controller-wrist watch band type

Button	Function description
	On/off:start with the default auto mode “R3”, the timing is 15 minutes.
	Speed +: the movement speed can be adjusted (1-15levels)

Operation guide

2.Wireless remote controller-wrist watch band type

	Speed -: the movement speed can be adjusted (1-15levels)
	Auto mode : can be switched to control auto mode ,shake, swing, shake plus swing
	Manual mode : can be switched to control manual mode ,shake, swing, shake plus swing
	LED switch :control the LED light on and off .
	Timing :timing is 5-30 minutes, press each once to add 5 minutes.

The method of usage

Three kinds of different ways of movement (different auxiliary equipment can be selected during sports, such as magic pull rope, dumbbell)

shake

swing

shake + swing

- 1.Shake mode:low exercise ,help to relax the leg muscles ,promote the leg blood circulation.
- 2.Swing mode:medium exercise,alleviate the leg muscles and nerves, achieve fitness effect at the same time .
- 3.Shake + swing mode:high exercise,whole body exercise ,consume more energy , promote blood circulation.

The method of usage

Natural movement pattern (walking, jogging, run three grades can be free to choose)

- Standing way (legs stand on the machine) relaxes the leg muscle, promote leg blood circulation.

- Lying way (Adopt elbow support, abdominal hard straight, back, buttocks and feet in a line) shaping healthy body curve, to prevent subcutaneous fat ptosis.

- Sitting and standing stretch movement (sit on the machine , arms up and gassho above the head) Yoga movement, directly to the abdomen, buttocks fat, slim waist, lift the hips.

- Relax shoulder movement (sit on the machine, Hands back Open) alleviate the shoulder and neck muscles, ease the discomfort of per arthritis of shoulder and shoulder back, very suitable for white-collar.

- Relax leg movement (sit on the chairs , put feet on the machine) Can quickly promote the leg blood circulation, relieve leg varicose veins, very suitable for the elderly.

The method of usage

Magic pull rope movement pattern (walking, jogging, run with three grade can be free to choose)

- Balance pulling way (clenched magic rope with your hands, arms flat, standing in run district)high frequency vibration in the arms, hips and legs, effectively lose inside the arm fat, improve the periartthritis of shoulder and neck soreness, coordination and balance.

- Left and right stretch way (clenched magic rope with your hands, left / right arm held flat to the opposite direction traction)vibration in the leg and traction body from left / right, effective stretching meridians, consumption of the body on both sides of abdominal fat, shaping healthy body.

- Crouch way(left leg or right leg forward arch, right leg or left leg backward, both hands to lift the magic rope) to exercise the leg muscles and knee, increasing bone density in the leg, contribute to the cardiorespiratory exercise.

- Crouch pulling way (the legs slightly bent, hands along the back pull rope to lift the magic.)increase the pressure of the calf and knee, hip joint exercise, stretching back channels, improve the “computer arm ,mouse hand ”

- Standing way (standing in jogging/run district, to pull magic rope with your hands)exercise the arm joints and muscles, promote cervical vertebra corrective and systemic blood circulation; relieve muscle soreness of shoulder and back.

- Please unplug all the power wires , then raise one end of the machine to proper angle (The CG falls on the pulley) , Then can move forward or back , after move put back the machine to the Normal angle .

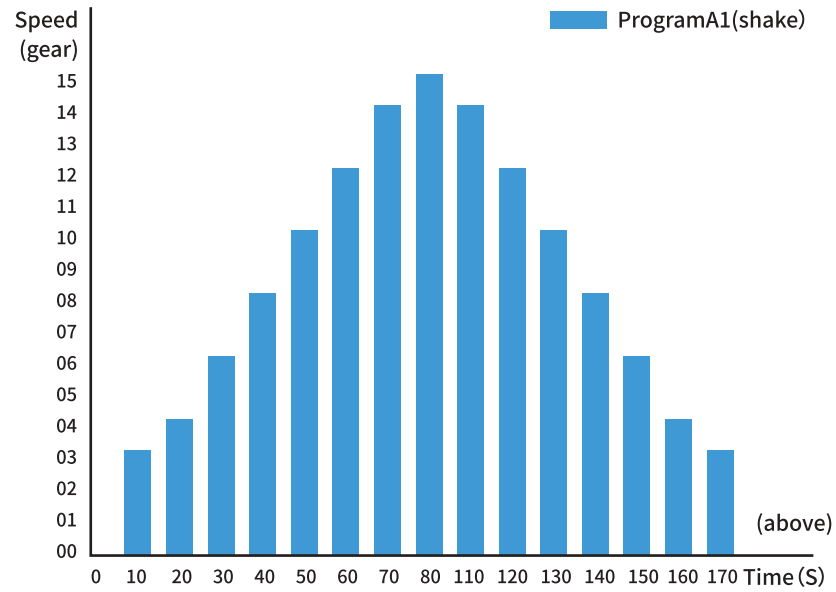

In the magic rope mode of motionalso can use dumbbell substitution (as follow chart)

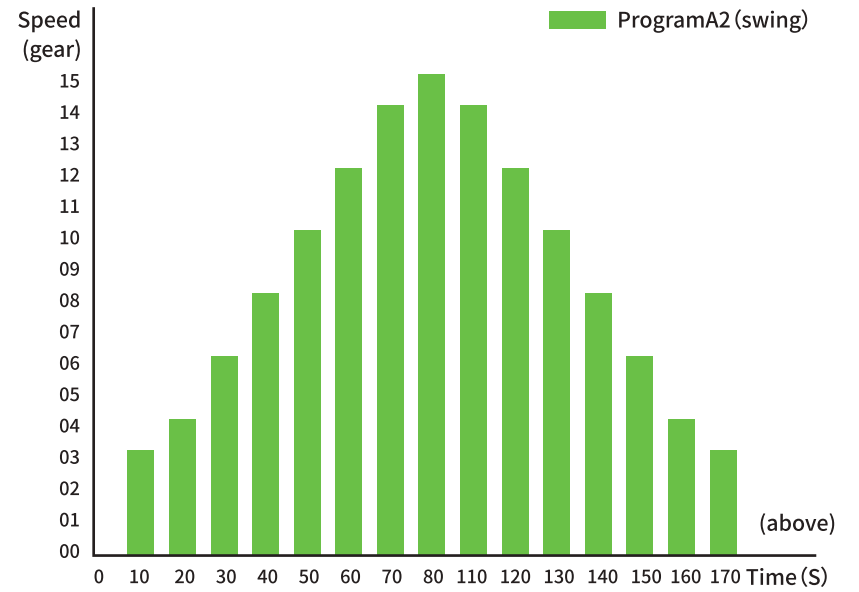

Note:The above movement is not unique, different people according to their own needs, choose a different movement pattern.

Maintenance

- If your product for shipping, handling and other reasons or stored in low temperature environment for too long, please stay in room temperature for one hour before use.
- If the product is placed in the special environment such as: local vulnerable to dust, moisture, sulfur compounds such as erosion, please notify the installation personnel to do the protective measures, otherwise it may cause body damage.
- Before cleaning products, please pull out the power plug from the socket.
- Do not use benzene, thinner or any erosion of the solvent cleaning machine.
- Please use dry cloth to clean the machine.
- Do not be the product of long-term exposure to sunlight, do not near the fire, high temperature place.
- If there will be a few days not to use this product, suggest the power extracted away and tidily store.
- Keep this product in a clean and dry space.
- Do not eat in the product, in order to avoid damage to the product.
- Storage conditions: at -10°C to 55°C, humidity for RH 0-85%.

Remote control COMS installing

1. Insert the COMS into remote controller
2. Tighten the screws in rear cover

Remark: pay attention to the reset button hole when installing rear cover

Troubleshooting

You may meet following issues when using this machine, if below info can't help you to solve, please do contact seller to get professional maintenance.

Issue	Solution
No display on screen	To check the power cable well connect the product and switch on
Whole product doesn't work	Please check the voltage is suitable for this machine
	Switch off the power switch, disconnect plug, cool down the machine and try again 1 hour later.
Noisy when working	It is normal sound which is caused by the mechanical structure of the appliance.
Wrist controller out of control	First of all, pair the code of the wrist controller with the machine, it can work after the code paired
	If can't pair code, please check the COMS, if COMS out of battery, please insert new COMS and try again.

Specification

Model:Y21-1

Name:Body show magic machine

Rated voltage:100V-120V~ 50/60Hz
220V-240V~ 60Hz

Rated power:140W

Maximum load:120kg

Rated time:5~30minutes

Noise:≤55dB

Safe Design:
